Explanation of Abbreviations

N/L = New-in-Lieu: a new building that is built in lieu of modernizing an existing building consistent with the cost/benefit analysis.

A new-in-lieu project receives the same level of funding as if it was a modernization.

Repl = Replacement: a new building is being built to replace an existing building.

Ad = Addition: additional area is being built onto an existing facility.

Mod = Modernization: An existing facility is modernized.
